Opis: The Authority has an ongoing requirement for a licensing partner to support its technological and operational infrastructure. This requirement includes securing essential Microsoft licensing for Microsoft 365, Microsoft Azure, and Microsoft Server & SQL, which are foundational to the Authority's core IT operations and productivity applications. Additionally, the Authority requires licenses and subscriptions for various third-party applications. The Authority is also undertaking a significant Azure migration project and professional services, and ongoing operational Azure costs will be part of this contract. The recommended contract will not be limited solely to the licensing and migration elements detailed above. It will also provide the Authority with the flexibility to incorporate additional strategic initiatives as needed, including but not limited to Power BI, Microsoft Co-Pilot, and other emerging Microsoft and third-party technologies. This contract was awarded under Direct Award CCS Framework 6098.
